

Bourgogne Pinot Noir

Appellation d'Origine Contrôlée

Character of the wine

Bourgogne Pinot Noir, also known as Bourgogne Rouge, has a fairly intense colour, varying in intensity according to the vintage. It often has a violet tinge when young. This wine opens out early and offers a wide range of red berry aromas, sometimes developing animal hints when mature. The structure is supple; owing to the moderate tannin content. Bourgogne Pinot Noir can be drunk young, when it will already reveal elegance and typicity.

Wine datasheet

Total area under this appellation	3000 ha (red and white)
Area under production at the domaine	2 ha 59 a 34 ca
Soil	Jurassic soils ground with broken stones and limestone grit on a deep clay matrix
Grape varieties	100 % Pinot Noir
Average age of vines	28 to 55 years
Harvesting by hand exclusively	Hand-sorted in the winery
Destalking	100 %
Maturing	Barrels that have held 2 wines
